

Ordination Requirements

2016

Districts served by EuNC

Revised document: 1 September 2016
Supplement to the EuNC catalogue.

Introduction

The EuNC Diploma/Qualification in Christian Ministry programme is based on the needs of the districts for ordination. In order to accommodate the various requirements of the districts, the EuNC programme has flexibility built into it in terms of electives. Each district has taken the programme and utilised these electives in a particular way to address specific areas of concentration for their district. In some cases, more ECTS have been used for some courses in order to cover them in more depth. This document details the specific course requirements of the EuNC curriculum that are needed in each district to be ordained.

NOTE: In some districts, there may be additional courses beyond the EuNC programme in order to meet the full requirements for ordination.
